

No.F.13(2-9)-SE/GL-I/2013(L)
Government of Tripura
Directorate of Secondary Education
(General Section-I)

19th August, 2019.

M E M O

It has come to the notice of the government in Department of School Education that out of 44490 children enrolled in the 10th Standard during the year 2018-19 (68510 children enrolled in 9th Standard in 2017-18), only 33583 children appeared for the Madhyamik (10th Examination) in March, 2019.

The practice of holding a test in the school before the Board examination was designed for the purpose of giving feed back to the teachers, students and their parents on the learning levels of the students, or to make the students more sincere about their revision. Pre-Tests are for feedback only and possibly for the weightage of marks for the internal examination as per scheme of examination. It was not meant as a screening test for the Board Examination. If a child has the requisite attendance, meaning he has attended the school, then if the child is not prepared for appearing in the board examination till the pre-test also, the burden of this failure is not of the child alone, but this failure must be shared between teachers, the Headmaster of the school and Education Department.

The practice is being followed from many years, possibly to improve the pass percentage of Schools. However, the aim of the assessment process/Board Examination is not to declare a good pass percentage but to nudge the children to learn. This practice has the effect of denying the children the right to appear in the Board Examination which is violative of the entire education philosophy and rights of the children. Thus, only minimum attendance is to be the criteria for allowing a child to appear/not appear in the Board Examination. **The government is desirous of making maximum number of children to appear in the Board Examination and pass on their own merit.**

Henceforth, no child is to be denied the right to appear in the Board Examination in both 10th and 12th if she/he has required attendance, and has been promoted from 9th and 11th class respectively to the next higher class.

(U. K. Chakma) 19.8.19

Director

Secondary Education.
