

STATE COUNCIL OF EDUCATIONAL RESEARCH AND TRAINING  
GOVERNMENT OF TRIPURA  
Abhoynagar, Agartala, West Tripura

File 2(13)/Technology Cell/2016/Vol(II)/ 926-7 Date- October. / 3 / , 2020

MEMO

It is observed that though SCERT has created and uploaded Bengali medium audio / video contents for each chapter of the science and mathematics textbooks of classes VI to VIII yet a good number of students are not using the App.

Moreover, English medium contents from class I – X of CBSE or other Boards are also available in the DIKSHA platform. In this respect a memo was issued earlier Vide No 2(13)/Technology Cell/2016/ Vol (II), dated 30/07/2020 requesting the HM/AHM/TICs to motivate the students and teachers to download the DIKSHA app from Google play store. But, it seems that the initiatives taken are not up to the expected level.

It is hereby reiterated to all the HM/AHM/TICs to take whole-hearted initiative so that students and teachers download the DIKSHA app and learn from the video contents by scanning the QR codes embedded in each chapter of the textbooks of class VI to VIII in case of Bengali medium Schools and from class I – VIII in case of English medium Schools.

  
(U. K. Chakma)  
Director, SCERT
